Records preservation receipt

Fictional Alderwick Components | 10 April 2026

To the review coordinator: this receipt records the preservation action. The audit date remains unconfirmed; the relative wording below is intentional.

After the audit, Nessa Corven moved the vendor folder into restricted storage.

Fenlock's quote was $186,000; the next compliant bid was $174,500. The scoring sheet gives Fenlock nine delivery points, but the promised lead time is six weeks in both bids. Brindle's invoice says 'market access advice' and has no hours or deliverables. The vendor declaration lists the same family address as the director's conflict form. This is a relationship flag, not proof of a payment to the director. The purchase order covers actual tooling we still need.

Prepared by Mira Velloran. For internal reconciliation use only.

The signed audit report and an independent copy of the source register are still requested. This receipt is not a certification of the underlying allegations.

Fictional training evidence. All people, organizations and contact details are invented.
