Records preservation receipt

Fictional Mallowbridge Fulfilment | 10 April 2026

To the review coordinator: this receipt records the preservation action. The audit date remains unconfirmed; the relative wording below is intentional.

After the audit, Nima Brack exported the timesheet revision history.

The agreed overtime rate for this synthetic team is $24 per hour. The original 48 hours total $1,152. The edited 30 hours total $720, a $432 difference. Six hours were restored for $144, leaving 12 hours or $288 in dispute. Gate scans and loading manifests cover all three shifts, though a gate scan does not itself establish paid working time. The correction reason field contains only 'budget alignment'; employee approvals are blank.

Prepared by Sela Quintrel. For internal reconciliation use only.

The signed audit report and an independent copy of the source register are still requested. This receipt is not a certification of the underlying allegations.
